

HAPPY MAN

**I got a memory
Nobody cares about
I got a picture
Only precious to me**

**I got a life I lived
Nobody gonna give a damn
Yeah I got a memory
Only only means the world to me**

**But I'm a Happy Man
And I seem to finally understand
That life ain't something to let
Slip through your hands**

**Yeah I'm a Happy man
And I don't really give a damn
Cause I'm here to live
This life I got with you, babe**

**I remember that smile of yours
You lost it long ago
I'm gonna bring it back
It means the world to me**

**I got a life to live
I just been talkin' 'bout
You got a man you used to dream about
He's gonna make your dreams come true**
