

# **I CAN'T CALL YOU... ANYMORE**

**Nothing wrong  
Most things right  
But I still have trouble  
Fallin' to sleep at night**

**It's just a thought  
But it won't go away  
And so my mind keeps workin'  
Until the break of day**

**Gravity  
Has no effect on me  
And I just float away  
On a memory**

**Nothing wrong  
Most things right  
But I still have trouble  
When you're out of sight**

**It happens everyday  
Even if I've got nothing to say  
I realize... I realize  
I can't call you... anymore**

**For no reason at all  
I can feel 3 feet tall  
Then I realize, I realize  
I can't call you... anymore**

**Nothing wrong  
Most things right  
But I still have trouble  
Fallin' to sleep at night**
