

## **REALM OF A RIPPLE**

**'Scuse me, I missed what you said  
I was somewhere, outside my head**

**Lost... in the realm of a ripple**

**Days float by, effortlessly  
If I float by, rescue me**

**Lost... in the realm of a ripple**

**I see circles, as I stand by the pool  
Symmetry in motion, and I feel like a fool**

**Lost... in the realm of a ripple**

**I woke up and you were gone  
Out of the mist I heard this song**

**Lost... in the realm of a ripple**

**I can't worry and I can't fret  
You smile at me, got no regrets**

**Lost... in the realm of a ripple**

**'Scuse me, I missed what you said  
I was somewhere, inside your head**

**Lost... in the realm of a ripple**

**Days float by, effortlessly  
If I float by, rescue me**

**Lost... in the realm of a ripple**

**I see circles, as I stand by the pool  
Symmetry in motion, and I feel like a fool**
